PROSPECTUS

For publishing in the City of Washington, a Democ Newspaper, to be called "THE CONSTITUTION."

"THE CONSTITUTION."

THE undersigned, having purchased the materials of The Spectator, will issue, on or before the 10th inst. the first number of a new paper to be called "The Constitution." It will be devoted to the steady advocacy of that system of measures which will preserve unimpaired the sacred instrument from which we borrow the name; and as constantly oppose whatever is not sanctioned by it. We shall unceasingly oppose a National Bank—a Protective Tariff—Internal Improvement by the General Government—a Distribution of the Proceeds of the sales of the Public Lands—Assumption of the State Debts—an abrogation of the Executive Veto, as unconstitutional and inexpedient.

We hope to make the paper worthy of the confidence and support of the Democratic party. It shall be the faltiful experitor of their principles, and the ever ready medium to conver their sentiments and wishes to the public. The Democratic cause, is the cause of troth and justice. It courts the light. It shuns no investigation. And we are determined to see whether a paper, conducted with a devotion to the principles, rather than to the men, of our party—to further the great cause of human progress, rather than the mere advancement of particular individuals,

are over, we shall devote a liberal portion of our co-lumns to subjects of general literature and science; endeavoring to present such matter as will amuse, instruct, and edity.

The proceedings of Congress will receive particu-lar attention, and a full and comprehensive summary will be given, including the yeas and nays upon all

important questions.

The paper, for the present, will be issued semi-weekly during the recess, and daily during the sensions of Congress, at five dollars per annum, in advance.
